

CASH DRAWER

ZQ-410F

This series of cashbox has compatibility, stainless steel enclosure and RJ-11 interface. The relevant settings have the 3,4,5 paper currency slots and 8 coin spaces available.

HIGHLIGHTS

- With metal tray
- 3-position locks
- Noiseless track
- With check slot
- Separated pulled out drawer box for cash and coins

PRODUCT FEATURES

Metal Case

Adjustable bill and coin slot

3 level solid lock

SPECIFICATIONS

Surface treatment process	Powder coating on cashbox surface	Check slot	1
Color	Black	Working condition	-5-55 C, 5-85%RH
Standard bill slot	5 (5 metal slots)	Service life	1 million times 25% energization
Optional bill slot	4	Maximum load of cash drawer	4KG
Standard coin slot	8	Maximum load of cash box	40KG
Drive voltage	12v(9.5-24vcompatible)	Tension of pull out the cash drawer	1.0±0.2KG
Rated current	1.5A±10%	Cash joint	RJ11 6P4C
Rated power	18W	Cashbox dimension	410(W)×416(L)×100(H)
Coil resistance	8Ω±10%	Carton sizes	465(W)×460(L)×150(H)
Tractive effort	1mm ≥ 800gf 3mm ≥ 500gf	Net weight	7.0KG
Withstand voltage	AC 1200V(50/60Hz) 1sec between the coil and the frame	Gross weight	8.0KG
Temperature rise	Max temperature rise 65°C (under nominal voltage)	Electromagnetic switch wire core and tensile strength	4 core cable, 0.5kgf(60sec)
Working cycle	Intermittent electricity ON:1sec, OFF:4sec	Cable length	140mm
Insulation resistance	1000MΩ between the coil and the frame (5000DVC under normal temperature)	Drawer material	Plastics
		Tray material	Metal
		Cashbox lock	3-position key locks
